

Green Consultation Expertise

WHAT IS OUR NEW TECHNOLOGY?

Green Solution Consulting Services: Need solar energy system and energy cost savings? We will help you to make the best choice in terms of Solar Energy System and Environmental Technology.

Worldwide Access: Need to sell/buy your environmental commodities? We will help you establish a profitable business operation not only in the U.S.A., but worldwide.

WHAT SETS US APART?

As a trading company, we have been engaging in the recycling business for the past 60 years and in the solar energy industry for the past 15 years worldwide.

As a green solution consultant, we will help solar energy systems' candidates to make the best choice in terms of quality, performance, design, equipment/material

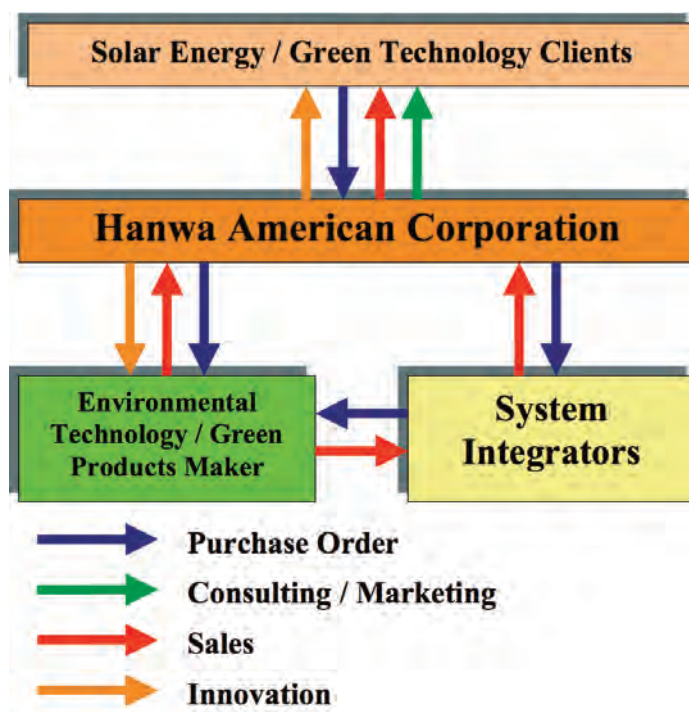

and financing as a green solution consultant.

As a trading company, we will connect those who make environmental products and those who need them.”

WILL IT SELL?

We have access to everybody in everywhere in the world. Please contact us if you:

- Need to know about solar energy and environmental technology.
- Need specific advice about saving energy and financing options.
- Need to find out the best system integrator and quality work.
- Need sales channel development for your environmental products.
